Art Unit: 3683

1. The following is an examiner's statement of reasons for allowance: the prior art fails to show or suggest a brake system for a vehicle that detects drag on a brake disc when the brake pedal is not operated and then draws brake fluid out of the wheel cylinder to move the pad away from the disk.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Osterman et al. and Ray et al. show brakes systems that detect drag..

3. Any inquiry concerning this communication should be directed to Matthew C Graham at telephone number 703-308-2570.
